stated further in the letter
Younkman "persists in orstarted an investigation not
with the common sense purf the whole proposition, we me any responsibility for it in the res of the taxpayers." The taxpayers declare that they

The inxpayers declare that they want a quick examination "at minimum expense" and that Younkman wants a "lengthy and coally investigation, with much official red taps around it."

They object to the proposal to dig test piles aix feet from the original sever dich, asserting that these pils will not show the width of the cristnal sewer.

eff not give us the deta'led infor-mation necessary in such an in-vetigation." Younkman declared. There is no nee of making a hasty and haphacard examination. By following our original plan of digging a test pit every 100 feet, we can and will get an accurate idea of the structure, and the results cannot be disputed or made the subject of further argument. We want the acts, and the only way to get them to make this investigation

The first test pits are to be started

CONSTABLE KILLS RABID DOG Child Victim Given Pasteur Treat-ment by County Telan.

pedd to The Wor'.

COMMERCE Peb. 7.—Later, the practical son of Mr. and A. T.

W. Chapman of this place, was buen several days ago by a dog supposed to have rables. The dog was alled by Commable Will Johnson, then the had bitter anyears other after it had bitten several other

fort.
The child has been sent to Miami to receive the Pasteur treatment from Dr. J. T. Wharton, county health officer.
